EXPERIENCE

FULL STACK DEVELOPER

Bright Wave Solutions

2020 - 2023

- Developed an e-commerce website that allows users to browse products, add items to a shopping cart, and checkout using **React**, **Node.js**, **MongoDB** and **Redux**. The platform includes features such as user authentication, payment processing, and order management.
- Built a **real-time** chat application using **React**, **Node.js**, and **Socket.io**. The app allows users to create chat rooms, send messages, and receive notifications in real-time.
- Developed a task management tool using **React**, **Node.js**, and **MongoDB**. The tool allows users to create tasks, assign them to team members, and track progress in real-time. The platform includes features such as user authentication, project management, and task scheduling.
- Built an event management system using **React**, **Node.js**, and **Firebase**. The system allows users to create events, manage attendees, and track event performance metrics.
